

The next wave of innovation

By 2024 Al identification of emotions will influence more than half of the online advertisements you see By 2022 operational technology (0T) market is expected to be valued at \$40.42 Bn By 2021 Gartner reports that there will be 25 billion connected things

Challenges faced by organizations

- Heterogeneous environment Multi-vendor, multi-OS systems, proprietary protocols
- Lack of reference architecture and security control sets as well as lack of monitoring / visibility of network
- Lack of knowledge about vulnerabilities within PLCs - legacy systems, lack of security support / upgrade
- Data governance, regulatory compliance and privacy issues
- IT to OT convergence and key management in Blockchain ecosystem

We can help
